The Bicycle Tournament.

The opening day of the bicycle tournament at Association park was a success. All day the heavens were obscured by heavy, leaden clouds, and their threatening aspect kept many from the grounds who would otherwise have gone.

After a stirring ovation by the Musical Union band, the judges, Mr. H. E. Charles of the Ixion club, New York city, and Mr. Sandy Griswold, of the Bee, and the timers, Messrs. J. F. Alard and George E. Kay, took

their position in the stand, and the first event on the afternoon's card, the 320 class, amateur, one mile, two best in three, was called off by Frank Parmelee officiated as bicyclist.

The starters were Edwin H. Cody, Diehl Wurtz, T. P. Cramer, John H. Kastman, John W. G. Clinton, Omaha; M. J. Collins, J. R. Stockdale, of Minneapolis, and Will Patterson, of Plattsmouth.

The race was a close one, Currie leading for the first lap, but he was passed in order by Stockdale, Wurtz and Patterson, who maintained their respective positions until the check line was reached.

Time—Stockdale, 3:18; Wurtz, 3:18 3/4; Patterson, 3:22.

The second event was a boys' race, half mile, best two in three.

There were but two starters, W. L. Pixley and J. H. Barthel, being allowed 100 yards handicap. The dash was an exciting one, young Pixley electrifying the audience by his burst of speed.

Time—Pixley, 2:31; Barthel, 2:11.

For some unaccounted reason this race was not completed, and no awards were made.

The following attraction was the 320 class amateur, one mile, two best in three, Charles Peabody and Robt. Smith, of Omaha, and E. O. Savage, of Minneapolis, for the starters.

The race was a close one, Peabody leading for the first lap, but he was passed in order by Savage, who maintained his position to the end of the race.

Time—Savage, 3:20; Peabody, 3:19 1/2.

The event of the day was the professional one mile handicap and repeat, and this followed the three minute class.

The starters were Tom Hardwick, (with forty yards start) of Galena, Kansas; Wilbur F. Knapp (scratch); John S. Prince, Omaha (scratch); Ed Ballou, (forty yards start); Bill Whittaker; Whittaker (twenty yards start), Chicago, Ill.

There was much speculation as to the outcome of the race, the favorites being Knapp and Whittaker, the latter claiming that it was a walkover for Prince, and if Prince didn't take it, Knapp, the Colorado champion, would be the man to beat.

Time—Whittaker, 2:50 2/5; Knapp, 3:05; Prince, 3:07.

The second heat was a fair duplicate of the first, Whittaker, to the surprise of the other favorites, being the victor.

Time—Whittaker, 3:04 3/4; Knapp, 3:01 1/2; Prince, 3:10.

And this wound up a highly interesting programme, and if enthusiasm goes for aught, there should be at least one more race of this kind.

Whittaker says he wants no handicap for any man in Omaha. If there is any handicap to be given away, he'll make a few preposterous bids.

The whickeen, headed by the Musical Union band, will parade to the park at 10 o'clock tomorrow afternoon.

Whittaker says he wants no handicap for any man in Omaha. If there is any handicap to be given away, he'll make a few preposterous bids.

The programme for this afternoon, in addition to the three mile dash for amateurs, 320 class; the five mile dash, 320 class; the three mile dash for amateurs, 320 class; the five mile dash, 320 class.

Whittaker goes against Prince and Knapp again to-day, and is expected to show up in good shape, although neither is the favorite that Whittaker is.

More expedition will be exercised in getting off the events this afternoon, and the audience need not fear the tiresome waits of yesterday.

The American Derby.

CHICAGO, June 25.—The annual summer meeting began to-day at Washington Park. The attendance was the largest ever seen on the ground, being estimated at 30,000.

The Derby, estimated at \$14,000, was won by D. J. Mackay's colt, Bob C. H. Todd, by a margin of one length.

game at Hastings yesterday afternoon, again coming out on top by a score of 6 to 4.

Look out for a new man in the points for the Omahas. He's a dandy, should they succeed in securing him, and it looks as if they would.

An effort will be made to get on with the prospecting. Warren-Miller feather weight will be in Omaha. Frank, though, isn't to be accomplished.

The Omahas have an opportunity to secure Norman Baker, a pioneer of national reputation, and they'd better catch the opportunity.

The west end of the grand stand is to be built at the back of the park. Monday, immediately in the rear of the back stop, within the grand stand. A much needed improvement.

Workmen will begin the erection of a reporter's stand at the back of the park. Monday, immediately in the rear of the back stop, within the grand stand. A much needed improvement.

There is to be two great games at association park on the Fourth, forenoon and afternoon, and the evening. There will be music on occasion, of course, and there is to be music and flags and all that sort of a thing.

A huge bulletin board will be put up to the left of the grand stand. It will be a bulletin board for the day, and will be a bulletin board for the day, and will be a bulletin board for the day.

WEEKLY BUSINESS REVIEW.

The Collapse of Wheat in Chicago in No Way Affects the Banks.

MONEY LOANS ON SAFE MARGINS.

Earnings of Leading Railroads Show Considerable Improvement Over the Corresponding Period Last Year.

CHICAGO, June 25.—[Special Telegram to the Bee.]—Local financial affairs attracted considerable attention during the week just closed. Complications arising out of the recent collapse of the wheat market have involved some of the local banking institutions.

Chicago banks are undoubtedly solvent, and no fears need be entertained of any loss on their account. The property they hold will be gradually disposed of, so as not to make any impression on the market, and the money returned to the banks.

The demand for money during the week was fair, though not so urgent as during the previous three or four weeks. The amounts called for, however, were smaller than usual, indicating that parties wanted to hold on to their money.

Speculative paper was in little favor and very little was accepted by banks. Considerable money was forwarded to the country to pay for grain and live stock received, but chiefly through the medium of the lumbermen and other sale merchants.

Some demand has existed for the payment of property to be delivered on July contracts, and some money has been loaned at very wide and safe margins.

Foreign exchange is at 97 1/2 per cent on call and 6 1/2 per cent on time loans, depending on the standing of borrower and the amount required. Some paper was offered on the street and accepted at about bank rates.

Money at eastern financial centres is gradually working closer, owing to the drain on the country to western exporters and increased amounts required to pay for liberal quantities of grain being forwarded to that quarter.
